Examples for crafting your email:

For SB 1452:

This anecdotal legislation, aimed at resolving a single issue in a single association, is a 'one-size-fits-all' approach that will impair existing contracts, and displace existing CC & R provisions that address the board/director removal process outlined in the bill. This issue should be resolved at a local level.

For SB 1453:

This anecdotal legislation, aimed at resolving a single issue in a single association, is a 'one-size-fits-all' approach that will impair existing contracts, and derail existing efforts to implement electronic voting in associations across the State.
